**Bleed Area:** To eliminate any unwanted white borders, please extend your design to fill the bleed area. We recommend you use the background image or colour. Please note, this area will be trimmed from your final document.

**Cut Line:** This is where your artwork will be trimmed. All elements outside of this area will be cut off.

**Safe Zone:** This area represents the 'safe zone'. Please ensure that all critically viewable content (e.g. text and logos) are kept within this area. Anything outside of this area is considered 'at risk' of being trimmed off.
